## **WARRANTY EXCLUSIONS**

These guarantees will be invalid under any of the following circumstances:

- Issues resulting from improper handling, abuse, negligence, fire or faulty installation are excluded.
- Issues related to settlement or structural defects of the building are excluded.
- Internal condensation—which may occur when internal humidity levels are excessively high relative to the difference between exterior and interior temperatures—is not warranted.
- If the product has been altered, modified, or exposed to harmful chemicals or pollutants, such alterations or exposures shall void this warranty. It is recommended that cleaning be performed using water, a mild household soap, and a soft sponge.
